

METROGISTICS PARTNERS WITH CORINTHIAN CAPITAL, PMTG, AND MCNUTT

SEPTEMBER 2014

Corinthian Capital Group, LLC, a private equity firm specializing in investments in small and middle market companies, announced that it has partnered with MetroGistics, LLC. MetroGistics, headquartered in St. Louis, Missouri, is an asset-light automotive logistics technology company specializing in long-haul brokerage services for a diversified customer base of original equipment manufacturers (OEMs), rental car companies, major dealer groups, fleet lease companies, and automotive auction houses. MetroGistics will team-up with Corinthian Capital's current automotive logistics portfolio companies: Precision Motor Transport Group, LLC (PMTG) and McNutt Automotive Logistics, LLC. PMTG is an asset-heavy car haul company based in Okemos, Michigan, which provides premium automotive delivery services to OEMs through a fleet of 300 enclosed and open company-owned trucks. McNutt is an asset-light automotive logistics provider based in Lowry City, Missouri, that specializes in less-than-truckload brokerage services. The combined entities will offer a full range of automotive logistics and transportation solutions to all customer segments on an "asset-medium" basis.

Bill Billiter and Scott Naz, the existing management at MetroGistics, will continue to lead the company. "Having the opportunity to work closely with the management teams at PMTG and McNutt to drive the combined asset-medium platform to greater heights is a very exciting strategic move for everyone," said Naz. "Being able to combine the best in logistics with 300 company-owned PMTG trucks really expands our operational reach and product offerings to clients."

"We are very excited about working with the MetroGistics team and their professional blend of technology and logistics services to reduce lead times with our customers and empty miles on our trucks," said Dallas Knepp, COO of PMTG. "Their suite of industry-leading technology products will also further enhance our product offering to customers and will continue to drive our combined platform forward."

"MetroGistics has revolutionized the asset-light automotive logistics industry with its unparalleled technology platform," said Jim McNair, Senior Managing Director of Corinthian Capital. "We're excited to have the company's impressive management team join PMTG's and McNutt's leadership and improve each entity's client offerings."
